# **PHILMONT EXPEDITION UNIT REGISTRATION FOR 2015**

Unit reservation requests for 2015 Expeditions for Philmont Scout Ranch will be made online beginning Monday, October 28 thru Sunday, December 1, 2013. **Please read this information completely** for instructions on the process, fees, and attendance requirements for Philmont. The following information is provided to assist your unit in placing a reservation request:

- 1. From Monday, October 28 thru Sunday, December 1, 2013, reservation requests will be accepted via internet for 12-day and 7-day Expeditions.
- 2. Reservations will not be assigned in the order that requests are made. Reservations will be picked randomly by computer after December 1, the close of the reservation request period. Special Note: Boy Scout Troops, Varsity Teams, Venturing Crews, and Explorer Posts who have officially been on the \*Reserve List for the past four consecutive years (2014, 2013, 2012, 2011) will be given priority treatment. These units still need to place an entry for their unit and the system will grant a reservation before the other requests are randomly considered. Units who should have been eligible for this offer but have found alternate ways to allow their youth members to participate in 2014 (i.e. participating in a Council Contingent or joining another unit and participating as part of their reservation) should voluntarily withdraw from the 2015 reservation system and honor the minimum participation requirement of every other year.
- 3. Units may make only one reservation request during this process. However, the request may be made for consideration of multiple arrival dates. **Please do not attempt to make duplicate reservation requests.**
- 4. A unit representative may place a reservation request for members of their chartered unit only, but are not limited to one crew (maximum crew size = 12 participants), however, please be realistic when estimating attendance to avoid unnecessary expense (forfeited fees) and to permit the maximum number of units to obtain a reservation. Please refer to the formula on the worksheet to determine the number of crews you are requesting.
- 5. A worksheet is provided in order to assist you in collecting the information required to place your reservation request. Please complete the worksheet and have it available when you access the website. **DO NOT SEND THE WORKSHEET TO PHILMONT.**
- 6. Unit representatives may log on to <a href="http://philmontreservations.wslive.com/2015">http://philmontreservations.wslive.com/2015</a> during their assigned week that corresponds with their BSA Region or during the Open Week. To verify the BSA Region in which your unit is located, please contact your Council Service Center.

► Week One: Northeast Region ~ Oct 28 - Nov 3

► Week Two: Western Region ~ Nov 4 - 10

► Week Three: Southern Region ~ Nov 11 - 17

▶ Week Four: Central Region ~ Nov 18 - 24

# <u>Please Note: Week One will begin at 12:00 am Central Daylight Saving Time AND Week Two, Week Three and Week Four will begin at 12:00 am Central Standard Time.</u>

- 7. The system will allow the unit representative to create a new password to allow changes or corrections to the unit reservation entry within their assigned week or during the open week. The representative will receive a confirmation email at the conclusion of the request process. Only one record is kept on file for each unit.
- 8. Once the unit reservation request window closes, the system will randomly select units to receive reservations. When 2015 reaches capacity, groups will continue to be drawn and placed on a \*Reserve List for 2015 in the event of cancellations.
- 9. Units with a confirmed 2014 reservation for Philmont may not place a request for 2015 units may not attend in two consecutive seasons. Reservations may not be transferred from one unit to another. Philmont will maintain the \*Reserve List and contact the next available group on this list in the event of a cancellation.
- 10. After the computer selection process is completed, an email will be sent to each representative giving them their unit's status. This will take place during the middle of December. A hard copy of the registration results will be sent in January.
- 11. A \$100 non-refundable deposit, per participant will be due February 28, 2014.
- 12. Questions about the 2015 registration process may be directed to Philmont Scout Ranch by email to camping@philmontscoutranch.org or by phone: 575-376-2281.

Each group must pay half of the balance of fees (advance) by October 1, with the final payment (balance) due March 1.

ALL FEE PAYMENTS (deposit, advance, balance) ARE NON-REFUNDABLE AND NON-TRANSFERABLE TO THE BALANCE OF YOUR ACCOUNT. Philmont must commit financial resources to employ staff, purchase food and supplies and prepare for summer operations. #### RISK ADVISORY - PHILMONT SCOUT RANCH

Philmont has an excellent health and safety record with over 970,000 adults and young people having attended since 1938. Philmont strives to minimize risks to participants and advisors by emphasizing proper safety precautions. Most participants in Philmont programs do not experience injuries because they are prepared, are conscious of risks, and take safety precautions. If you decide to attend Philmont, you should be physically fit, have proper clothing and equipment, be willing to follow instructions and work as a team with your crew and take responsibility for your own health and safety. For further information please thoroughly read the *Guidebook to Adventure*. Like other wilderness areas, Philmont is not risk free and you should be prepared to listen to safety instructions carefully, follow directions and take appropriate steps to safeguard yourself and others.

Parents, guardians and potential participants in Philmont programs are advised that journeying to and from Philmont, and one's stay at Philmont, can involve exposure to accident, illness, and/or injury associated with a high elevation, physically demanding, high adventure program in a remote mountainous area. Campers may be exposed to occasional severe weather conditions such as lightning, hail, flash floods and heat. Other potential problems include: injuries from tripping and falling, motor vehicle accidents, worsening of underlying medical conditions such as diabetes or asthma, heart attacks, heat exhaustion and falls from horses.

Philmont's trails are steep and rocky. Wild animals such as bears, rattlesnakes and mountain lions are native and usually present little danger if proper precautions are taken. Please refer to the *Guidebook to Adventure*, speak with previous Philmont participants, or call Philmont for further information concerning risks and measures which can be taken to avoid accidents. Philmont has staff trained in first aid, CPR and accident prevention, and is prepared to assist in recognizing, reacting, and responding to accidents, injuries and illnesses. Each crew is also required to have at least one member trained in wilderness first aid and CPR. Medical and search and rescue services are provided by Philmont in response to an accident or emergency. However, response times can be affected by location, weather or other emergencies and could be delayed six (6) or more hours.

Philmont trail food is, by necessity, a high carbohydrate, high caloric diet. The trail food is high in wheat, milk products, sugar and corn syrup, and artificial coloring/flavoring. Most dinner meals contain meat. If participant has a problem with the diet described above, contact Philmont for a copy of the trail menu and ingredients and plan to send supplemental food. Philmont will deliver supplemental food to the appropriate pickup places.

#### PHILMONT WEIGHT LIMITS FOR BACKPACKING AND HIKING

Each participant in a Philmont trek must not exceed the maximum acceptable limit in the weight for height chart shown below. The right hand column shows the maximum acceptable weight for a person's height in order to participate in a Philmont trek. Those who fall within the limits are more likely to have an enjoyable trek and avoid incurring health risks. These guidelines are used because overweight individuals are at a greater risk for heart disease, high blood pressure, stroke, altitude illness, sleep problems and injury.

Participants 21 years and older who exceed the maximum acceptable weight limit for their height at the Philmont medical recheck WILL NOT be permitted to backpack or hike at Philmont. For example, a person 70 inches tall cannot weigh more than 226 lbs. All heights and weights will be measured in stocking feet.

For participants under 21 years of age who exceed the maximum acceptable weight for height, the Philmont physicians will use their best professional judgment in determining participation in a Philmont trek. Participants under 21 years of age are strongly encouraged to meet the weight limit for their height. Exceptions are not made automatically and discussion in advance with Philmont is required regarding any exception to the weight limit for persons under 21 years of age, whether it is over or under. Philmont will consider up to 20 lbs. over the maximum acceptable as stated on the chart, however, the exception will never exceed 295 lbs. Philmont's phone number is 575-376-2281.

The maximum weight for any participant in a Cavalcade Trek and for horse rides is 200 lbs. **Under no circumstances will any individual weighing more than 295 pounds be permitted to participate in backcountry programs.** This requirement is necessary because of limitations of rescue equipment and for safety of search and rescue personnel.

Individuals who do not meet Philmont's weight for height requirements will not be allowed on the trail and will be sent home.
