Cub Scout Day Camp Checklist

■ Water Bottle - A MUST!!!

Bottle clip or lanyards are not necessary but are helpful since your scout will be required to have his water with him at all times. You can find things like these at Walmart for a couple of dollars in the camping section. (While you're there pick up a cheap rain poncho.)

- ☐ Lunch Make it a good one!
- □ Bug Spray
- □ Sun Tan Lotion Generally the park is shaded but not everywhere. Lather your kid up before leaving the house. On Thursday make sure they have some with them. Many of us got sunburned at the pool. We weren't even there long.
- ☐ Hat Optional but we will be in a wooded area.
- ☐ Snack One small snack like a granola bar is nice.
- □ Rain Jacket/Poncho
- ☐ Good Walking shoes NO sandals.
- ☐ Comfortable Clothes
- Something to sit on

5 Gallon buckets with lids are PERFECT for camp. Easy to carry, can store all your stuff, keep it dry, AND provide you a place to sit. Lowes has these and cost under \$5 for both.

Day Walkers, YOU want to bring a chair for sure. By the time we hit lunch, I'm usually ready for a recliner :0)

■ Big SMILE
