Why do you want to be a NRA Certified Instructor/RSO?

Please give a brief description of your shooting history.

All instructor candidates need to be familiar with the NRA basic shooting materials for the discipline they wish to instruct. For instance, Muzzle loading Rifle Instructors should be familiar with terms like 'bone support'. All instructors should know what NPA is or how to determine eye dominance. If you are unsure, you may want to participate in a basic course. At the minimum, all instructor candidates need to study and understand the material in the Basic NRA Shooting Handbook.

**The goal of a good Training Counselor is to help enthusiastic,
experienced shooters become NRA Certified Instructors.**
