- The NRA Instructor Course teaches experienced shooters how to teach the basics of shooting.
- Completion of this course allows you to teach the NRA Basic Pistol or Rifle Course and to do Pistol or Rifle shooting with Boy Scout Troops.

**Please fill out the following information and submit with your registration form:**

Why do you want to be a NRA Certified Instructor/RSO?

Please give a brief description of your shooting history?

All instructor candidates need to be familiar with the NRA basic shooting materials for the discipline they wish to instruct. For instance, Rifle Instructors should be familiar with terms like 'bone support'. All instructors should know what NPA is or how to determine eye dominance. If you are unsure, you may want to participate in a basic course. At the minimum, all Instructor candidates need to study and understand the material in the Basic NRA Shooting handbook.

**The goal of a good Training Counselor is to help enthusiastic  
experienced shooters become NRA Certified Instructors.**
